

MAV WORKSHOPS

WORKSHOPS IN HOBART

In 2017 The Mathematical Association of Victoria in partnership with AAMT will again run two PD workshops in Hobart.

WORKSHOP 1: MATHS TALENT QUEST (MTQ) Workshop

Our first workshop is to assist teachers interested in entering work into The Maths Talent Quest (MTQ). MTQ is a wonderful opportunity to allow students to complete a mathematical investigation around a topic that intrigues them. The MTQ has many supporting resources including a guiding rubric to assist teachers to facilitate the investigative process. Students from Tasmania in Years Foundation to 12 are invited to enter the Victorian Maths Talent Quest.

This workshop is **FREE** and available to the first 25 people.

Venue: Ogilvie High School, 228 New Town Road, New Town 7008

Date: Tuesday 21 February 2017

Time: (4pm-5pm)

To Register: go to <https://www.mav.vic.edu.au/activities/student-activities/maths-talent-quest/mtq-professional-development.html>

WORKSHOP 2: Let's Get Started! Engaging dice and card games to motivate students (YEARS F-6).

Our second workshop is also limited to the first 25 people and teachers will be elbow deep in dice and cards during this workshop. The session will focus on developing mathematical fluency and reasoning in students through the use of hands-on and engaging card and dice games. Teachers will be armed with a range of activities and we will explore how to easily differentiate them ready for a range of student learning needs.

Venue: Princes Street Primary School, Randall Street, Sandy Bay 7005

Members: \$50 MAV or MAT members

Date: Wednesday 22nd February (3:30pm-5pm)

Non-Members: \$62.50

To Register: go to <http://registration.mav.vic.edu.au/Reg/>
